

## **Block Captains Needed**

Being a Block Captain is a very easy way to help out in our community and your neighborhood. Your HOA is looking for folks to volunteer for this important, but easy job. Your “block” would consist of the streets on your cul-de-sac, or, a group of about 20 houses on your section of East or West Caribbean. Duties are actually pretty simple: let your HOA know if anything happens on your block that we should be aware of; greet new residents and pass their contact info on to us (so we can deliver a welcome package); occasionally (very occasionally) pass out important information to folks on your block.

Block captains will give us a powerful way to, if the need arises, get important information to everyone in the park as quickly as possible.

Please volunteer.

It’s an easy way to provide a needed service and help your friends and neighbors in Golf Village.
